

6002 - Power track - not in continuous line

Code: 132961-00002266

GENERAL INFORMATION

Article	6002 - Power track - not in continuous line
Code	132961-00002266

DIMENSIONS AND WEIGHT

Length (mm)	2842 mm
Width (mm)	60 mm
Height (mm)	40 mm
Weight (Kg)	3.25 kg

Supporting structure suitable for continuous light lines made with luminaires from the Techno System series or a combination of mixed luminaires. Quick and easy wall, ceiling or suspended mounting with the wide range of accessories. The track is supplied as standard with 5-pole, 7-pole (for EMergency and DIMMerable DALI versions) and 11-pole electrification, equipped with quick-connect terminal blocks.

The 6002 power track is available with a reduced number of connectors (1 or 2 respectively) for cases where fixtures need to be installed in continuous line. This will ensure greater aesthetic consistency (thanks to the absence of unused connectors) and savings.

Designed for quick mounting of Techno System series luminaires not in a continuous light line.

6002 - Power track - not in continuous line

Code: 132961-00002266

Please contact the Consulting and Design Centre for any technical information. The reported luminous flux is the flux emitted by the light source with a tolerance of $\pm 10\%$ compared to the indicated value. The total wattage absorbed by the system will not exceed 10% of the reported value. Technical lighting data may be subject to changes and improvements due to the fast evolution of the technology.
