6610 - Safety Flag S.A. - version for Techno System

Code: 133100-00

IK07 IP40 ▣

Techno System is designed to allow the installation of Safety Flag, through the appropriate unit. It is an emergency LED luminaire available in two versions: 1h life (recharge in 12h), 3h life (recharge 24h). In this case, too, mounting to the supporting channel is done in a practical way by means of the snap-on coupling system and is secured via a mechanical safety lock. This makes it possible to have general and safety lighting in one system.
