1556 - Brick - direct and indirect light

Code: 420602-00

The façade of public buildings, churches or even residences The Taçade of public buildings, criticines of even residences add great artistic and symbolic value to a place. Light can enhance this value by seamlessly blending into the surrounding urban environment. However, this can be achieved only with efficient and reliable fixtures that can easily adjust to any

efficient and reliable fixtures that can easily aujust to any setting. This is why we designed Brick: with its modern and simple shape, especially suited to different architectonic contexts, this fixture does not simply light up routes, stairways, porticos, entrance halls and external architectural elements but it can also reveal them in all their artistic beauty. Thanks to the multiple light effects, Brick, in the wall-mounted version, allows an excellent diffusion of light and creates spectacular settings.

		GENERAL INFORMATION	
Article	1556 - Brick - direct and indirect light		
Code	420602-00		
		DIMENSIONS AND WEIGHT	
Length (mm)	270 mm		
Width (mm)	125 mm		
Height (mm)	113 mm		
Weight (Kg)	2.3 kg		
	ELECTRICAL CHA	RACTERISTICS AND CONTROLS	
Voltage type	AC		
Min Voltage (V)	220 V		
Max Voltage (V)	240 V		
Min Fraguency (Uz)	50 Hz		
Min Frequency (Hz)	50 HZ		
Max Frequency (Hz)	60 Hz		
Max Frequency (Hz)	60 Hz		
Max Frequency (Hz) Frequency (Hz)	60 Hz 50 Hz		

Controllability

None

1556 - Brick - direct and indirect light

Code: 420602-00				MATERIALS AND COLOURS
			Housing	in die-cast aluminium.
113		Diffuser	tempered glass, 4 mm thick, resistant to thermal shock and impact (UNI EN 12150-1:2001).	
		Coating	pre-treatment of metal surface, polyester powder coating to ensure resistance to corrosion and salt spray fogs, UV stabilised.	
270		125	Special coating (UPON REQUEST)	upon request: available with coating tested to withstand corrosion tests in agressive artificial atmospheres (UNI EN ISO 9227) or marine environments (sea front).
		Colour	Graphite	
		Equipment	with wall mounting plate.complete with waterproof connector for line connection.	
				STANDARDS AND COMPLIANCE
			Photobiological safety class	RG0
		Markings and tests	CE	
		DOWNLOAD	Reference standards	EN60598-1. With degree of protection according to EN60529.
