## 1417 - Steel pole with base ø 102-159

Code: 426763-00

1417 Palo in acciaio con base ø 102-159

GENERAL INFORMATION		
	1417 - Steel pole with base ø 102-159	Article
	426763-00	Code
DIMENSIONS AND WEIGHT		
	39 kg	Weight (Kg)

GENERAL INFORMATION

Please contact the Consulting and Design Centre for any technical information. The reported luminous flux is the flux emitted by the light source with a tolerance of ± 10% compared to the indicated value. The total wattage absorbed by the system will not exceed 10% of the reported value. Technical lighting data may be subject to changes and improvements due to the fast evolution of the technology. Saturday, March 2, 2024

## 1417 - Steel pole with base ø 102-159

## Code: 426763-00

	MATERIALS AND COLOURS
Housing	Hot-rolled steel, ø60 mast-top connection. Version with the base requires the purchase of 4 anchor bolts to be buried. With 2 x 16A fuses, removable 4-pole/3-way terminal block = 10mm2 and 2.5 mm2 shunt. Standard with Insulation Class II.
Pole connection	0
Coating	thermoset polyester powder coated.
Colour	Graphite
	STANDARDS AND COMPLIANCE
Markings and tests	CF
0	CL .
Laboratory Tests	The possibility of coupling a composition to the lamp post is subject to verification of the resistance to wind load, in the areas specified in Standard DM 14/01/2008 and according to the design load specifications in Standard EN 40-3-1.
